APPENDIX II

BIOGRAPHICAL INFORMATION FORM

Please complete and return this form to the ESPN 2018 Congress Secretariat via e-mail at espn2018@flaptour.com.tr.

Please provide your biography in **50-100 words**, according to the following format and a softcopy of your photo. The information provided will be shared with respective Organiser/Chairperson for session for organising purposes & will be published on congress website.

Max Liebau combines his clinical experience as a board-certified pediatric nephrologist with his training in cellular and molecular biology. His group follows a translational approach to study genetic kidney diseases with a special focus on Polycystic Kidney Disease (e.g. ARPKD) as a model for ciliopathies. The lab currently works on molecular mechanisms affecting cellular signaling in ARPKD and other congenital anomalies of the kidney and the urinary tract. This work is complemented by international clinical cohort studies on autosomal recessive and autosomal dominant polycystic kidney disease in childhood (ARegPKD and ADPedKD) including associated biobanking.

<p>*Attach Photo here</p> 	<p>Prof/Dr/Mr/Mrs/Ms: Dr</p>
	<p>Name as it should appear in the biography: Max Liebau</p>
<p>Key qualification(s) that will be of interest to attendees at this conference: Consultant Pediatric Nephrologist; Head of Experimental Pediatric Nephrology; Head of interdisciplinary Center for Chronically Ill Children</p>
